Afterburn by Zane Goodreads Share book

Afterburn is another book as part of my "Zane Project" and another book I have previously read from Zane. This book, I just found dull. The sex scenes were good and I enjoyed the story on some level, but it just seemed like a cross between erotica and a Hallmark Channel film. Scratch that, Lifetime film, HC likes to end everything happily.

Afterburn is a hot, romantic love story as only Zane could do it. My only warning is that you should be

careful not to hope too much for a happy ending, because you can't always get what you want. My only warning is that you should be careful not to hope too much for a happy ending, because you can't always get what you want.

Zane did a fantantic job on that point and it was very important to see that. Since I'm sure we have all been guilty of making someone else pay for someone elses bad behavior. There are great African-American Men out there that are not the typical men displayed in the media. There are good brothers out there. I will always believe that! Nice to see that Zane displayed that in her novel.
